

MK19 MOD-3 GMG

40mm Grenade Machine Gun

The MK19 MOD-3 40mm Grenade Machine Gun is the weapon of choice of the U.S. Armed Forces for situations demanding portability and versatility. It is a man-portable, crew-served weapon that can be fired from either a tripod-mounted position or a vehicle mount. Utilizing M430 High Explosive Dual Purpose grenades, the MK19 provides high lethality and fragmentation against targets ranging from personnel to lightly armored vehicles.

Other features and benefits include:

- Open-bolt firing eliminates cook off
- Continuous automatic or single-shot firing
- Dual spade grips provide stability when firing
- Mean rounds between failure exceeds 20,000 rounds
- Simple design facilitates easy maintenance

MK19 MOD-3 40mm Grenade Machine Gun
