Since 1976, more than 750,000 girls from around the world have attended an Expanding Your Horizons (EYH) conference, and you can, too! The EYH Salt Lake 2012 conference is a one-day event where girls from grades 6 to 9 can learn about technology careers and how fun math and science can be.

- Attend workshops taught by women in science and technology fields!
- Discover what it's like to be a pilot, a pharmacist or even a rocket scientist!
- Experience the fun of hands-on learning—design, build, measure, mix, launch, test, laugh and learn!
